I am proud to pledge my support towards the future of Greyhound Friends!

- Donation dollars support our ongoing rescue and adoption efforts, enabling Greyhound Friends to transport, feed and shelter greyhounds awaiting adoptive homes, as well as to provide all necessary medical care, including complete examinations, spay/neuter, vaccinations, and teeth cleaning and scaling. Our adoption rate is 450-500 greyhounds every year.
- Donation dollars also help pay for our educational efforts aimed at increasing the public's awareness of the availability and desirability of greyhounds as pets and to inform the public of their peril.
- By educating the public on the value of saving a greyhounds life, the adoption figures grow each year. Greyhound Friends wants to focus on the many more that need homes. Won't you help us help more greyhounds find homes?
- Donations do not carry any corporate responsibilities and are renewable each year.
- Contributions are tax deductible to the extent allowed by IRS regulations.
