

GFNC Play Groups

GFNC Kennel location Oak Ridge: Playgroup is no longer in the front field next to the road due to restrictions made by our landlord. But, we do have a smaller playgroup area in the yard within our compound next to the building. OR, you are welcome to join another area with Carol Reed that found another locations in Guilford County for playgroup as follows: Saturday Playgroup: Southwest Park is south of I-85, off Groometown Rd. Driving south on Groometown Rd, cross Kivett Drive, turn left on Jonquil. Pass a trailer park. Cross Wall Rd, into the park. Turn left into the parking lot. Walk the short Southern Trail to the fenced dog area. We'll meet Saturdays, 9-10 mornings. Bring muzzles. Water is available. We do have to clean up after our dogs." Lewisville Clemmons, NC Area Playgroup: To my Grey friends in this area, I am offering my land for play groups for the Greys. I live in the Farmington Area right outside of Lewisville-Clemmons area on Hwy 801 North. My land is flat and has safe fencing. They can come any day of the week or as many times as they want. If you have any questions free to call me at # 336-998-1959

Charlotte Playgroup - At this time - no location available

2013 - Here's the update on the new Grey Play site for our spring Coastal Greys playgroup dates. We will be playing/running/romping at Empie Park softball field. Grey Play will be on the following Sunday afternoons from 2 - 4 PM: **February 24th, March 24th, April 28th, May 19th and June 16th.**

There is a minimal usage fee, so we will have a donation jar to cover costs. Plan to bring chairs, blankets/beds, water, muzzles, and poop bags. We will set up outside of the rightfield fence under some trees for shade. I'll have all entrances to the field (other than the gate along rightfield) blocked off, as well as the dugout areas - for sanitary reasons. It is a public park, so we can double up our purpose and have a Meet and Greet in conjunction with Grey Play. That way our older dogs can come and represent, though they may be unable to run. There are nearby tennis and basketball courts. On the other side of the complex there is a public dog park. I encourage those of us with collars, leashes, necklaces, etc... of a greyhound ilk, to come and vend (with a portion going to GFNC of course.)
